Remote Learning Days

A NSYMCA Program in support of local school districts and families in our community!
Supporting School Children, Families and Our Community

As your school district finalizes plans for the upcoming school year, we know that one of the concerns is how families will navigate any new school day structure while meeting the demands of work and home. The North Suburban YMCA is here to support you and the families we serve as we move through the coming months together. As a thought leader and best in class provider of youth development, social responsibility, and healthy living, the NSYMCA is here to aid in any way we can. The history of our organization has been one of adapting to community needs and being there for our neighbors when they need us the most. The last several months have been no exception, and we will continue pushing forward as we navigate this ever-changing world.

About Remote Learning Days

The NSYMCA will be offering Remote Learning Days for families that need supervision and care for their 2-5th grade student. This program will run weekdays from 8:15-3:15. To meet the varying schedules of our area schools, parents can register for 2, 3 or 5 day options. Students will be put into small supervised learning cohorts throughout the NSYMCA to complete their virtual learning sessions and assignments. Y-Staff will supervise students as they work independently on their school’s curriculum.
Safety First

Over the summer, we have had hundreds of children in our care through various programs and summer camps. As we look to the school year, we will keep established best practices in place and continue to adapt to the latest guidance and recommendation.

Contactless Check in and Health Screens
Parents stay in cars while students are dropped off and picked up. Children have temps taken and parents answer health screen questions.

Enhanced Cleaning
We have a strict sanitization schedule & have the Y professionally disinfected every evening.

Stay At Home
We require all students and staff to stay home if they are not feeling well.

Cohorts Up
Small Supervised Cohorts.

Mask
Masks are required when we cannot social distance.

Added Value Programming

As a core principle of the YMCA areas of focus, we will continue to embrace Youth Development and how we can serve students in our care. In addition to virtual learning sessions and school work, each day will consist of:

- lunch and recess breaks where students will be able to eat and play outside in a safe way.
- gym and movement style breaks to encourage healthy habits.
- additional enrichment opportunities such as character development and arts and craft time.

What Students Will Need

Students will need to bring the following daily:

- Chromebook or laptop
- Charger
- Headphones
- Lunch
- Snacks
- Water bottle.
- Daily/Weekly Lesson Plan

We will have additional snacks available for purchase each day from our Snack Shack to aid parents.
• All program registrations will be conducted through Nicole Hatfield at registrar@nsymca.org.
• Priority registration will be offered to currently enrolled Y-Time families.
• Program spaces will be available on a first-come, first-served basis.
• Program fees will be billed monthly (monthly registration required) and participants will be required to maintain a credit or debit card on file that will be billed automatically through out billing system.

As is the case with all YMCA programs, nobody will be denied participation due to the inability to pay. Through the generosity of our community and the Strong Kids Scholarship Fund, we are able to provide financial assistance. For more information regarding our Strong Kids Scholarship Application process, please call or visit the front desk.

For more information, please contact Shannon Cartier at scartier@nsymca.org.
