BODY LIBERATION 101

Adult

This small group will help you develop a sense of purpose and self-worth outside of your appearance. This course will help you: recognize harmful messages in media and culture about female bodies, reflect on the ways those ideals have impacted our lives, and redefine the ways you think about beauty, health, and individual worth.

INTRO. TO STRENGTH TRAINING IN THE WEIGHT ROOM

NEW

Adult

Do you feel like you don't belong in the weight room? Does everything feel too overwhelming to figure out. You do belong! This small group will help you increase your knowledge about strength training for YOUR body and help YOU feel comfortable in the weight room. You will learn how to use and set-up equipment and gain a better understanding of why we lift weights the way we do.

WORKING OUT IN PERIMENOPAUSE

Adult

Did you know that perimenopause can start up to 6-10 years prior to your cycle stopping! As we enter the stage of perimenopause we need adjust how we exercise?

New research shows as we enter the perimenopause transition and into full menopause that we actually need to be lifting heavier weights, including agility exercises, and even sprint interval training can help counterbalance the loss of strength that comes with certain hormone fluctuations.

This small group will use the latest research to educate on the most effective programs for the body for the stage of perimenopause and beyond.

BASIC CARDIO

Adult

Utilize low-impact moves in this joint-friendly class. Geared for a low to moderate intensity level, the class will include cardiovascular, strengthening, and stretching exercises.

CARDIO & LIGHT WEIGHTS

Adult

This new class combines 45 minutes of cardiovascular exercises interspersed with three sections of lifting light weights as an interval training workout to get your heart rate up and train your heart and lungs to improve their function while maintaining and possibly building muscle strength in your extremities. The 45 minutes includes a warm-up and cool-down and is followed by a 15-minute full-body stretch. Students are encouraged at their own pace and within their own fitness level throughout the class. Everyone's fitness levels differ and we will discuss the importance of interval training and what that means to each individual regularly so that you can assess where you are and can adjust accordingly.

CHAIR YOGA

Adult

One of the gentlest forms of yoga available. Students perform postures and breathing exercises with the aid of a chair. Students can experience the many benefits of yoga without having to get up or down from the floor. Benefits include increased balance, strength, flexibility, range of motion, and stress reduction.

CORE AND FUNCTIONAL STRENGTH

Adult

This class is designed for seniors and for people with special bodily challenges who want to pay close attention to form and function. In FS&C we work to build strength focusing on core, posture and how body parts interact while moving functionally throughout your day. We incorporate bodyweight exercises, dumbbells and balance moves to build strength and endurance. The class ends with 15 minutes of flexibility exercises designed to reduce muscle soreness and improve functionality.

ENHANCE YOUR BALANCE

Adult

Enhance Your Balance will incorporate a variety of exercises including balance, coordination, bodyweight strength, and flexibility to prevent falls, improve balance, and increase the ability to navigate surroundings.

IMPROVE YOUR BALANCE + CARDIO

Adult

If you have any concerns about your balance or are noticing changes in your ability to balance, this class is for you. Improve Your Balance takes you through a series of standing and seated exercises to strengthen your muscles and joints, to improve your posture and flexibility, and to build your endurance and awareness of your body in space.

YMCA EDUCATION SERIES

North Suburban YMCA

PRESENTED BY: NORTHBROOK WOMAN'S CLUB FOUNDATION

LEARN FROM EXPERTS IN OUR COMMUNITY ABOUT TOPICS THAT ARE OF INTEREST TO YOU!

The NSYMCA, in cooperation with our partners, is pleased to present the YMCA Education Series (Y.E.S.) where professionals share their expertise about health, wellness, life planning, estate planning, financial planning, internet safety, physical therapy, fitness, meditation, nutrition, and the list goes on. Each week different speakers share their knowledge during virtual presentations which are also recorded and offered as podcasts for later viewing. To find a list of upcoming Y.E.S. programs visit our website at www.nsymca.org!

AQUATICS

DID YOU KNOW?

The YMCA has long been known as the gold standard for swim lessons. After all, the Y organized the very first group swim lessons in 1909. Here at the NSYMCA, we continue that tradition, offering swim lessons for individuals of all ages and abilities. Our knowledgeable and helpful staff want to ensure everyone has a chance to be confident, happy, and safe in the water.

FREQUENTLY ASKED QUESTIONS

Q: What level do I register my child for?

A: All swimmers will be tested on the first day of class and placed in the appropriate level. If your swimmer tests into a different level not offered during that class, they will need to move to the correct class.

Q: Does the Y allow make-up lessons?

A: Due to the popularity of the program our classes fill to capacity. This makes make-up classes not possible. We find that moving a child to another class even one time affects the dynamics of the class. Our instructors teach to the individual and will work to ensure that missing one or two classes will not affect the child's progress.

Q: My child has some special needs/ circumstances. Do you have instructors that are trained in special needs?

A: Swimmers with special needs are always welcome. We have a well developed swim program and staff that are highly versed in special needs. If your child does have needs, please let the instructor know so we can offer the best lesson possible.

Q: Can my child sign up for 2 swim lessons?

A: Participants can register for only one swim lesson per day. Participants cannot register for consecutive swim lessons on the same day. Data has shown that back to back lessons are not efficient for learning as the lesson starts over with a different instructor for the second 30-minute swim class.

LIFEGUARD BLENDED LEARNING CLASS

PRIVATE SWIM LESSONS

3 yrs - Adult

These one-on-one lessons are 30 minutes in length. DIRECTOR'S APPROVAL IS NEEDED PRIOR TO REGISTRATION. Interested swimmers should fill out a Private Swim Lesson request form. We are known for our special needs private lessons specifically designed for each participant with the initial goal of water safety in and around the water. Please contact Missy Contri at mcontri@nsymca.org for more information.

North Suburban YMCA Swim Lessons use a learn-toswim progression from water orientation to stroke development that meets the needs of swimmers of all levels. Participants learn water safety skills and proper swimming technique in a fun and supportive environment.

In a progressive program such as ours, correct placement is a key to success. All swimmers will be tested on the first day of class and placed in the appropriate level. Children will be advanced to the next level as soon as they have mastered the required skills. Some levels are more difficult than others and are designed to take several sessions to complete before advancing. For specific swim levels please visit us online at nsymca.org.

PARENT-CHILD SWIM LESSONS

6 mo - 3 yrs with Adult

Parents accompany their child in the water, which allows infants and toddlers to gently discover the aquatic environment and encourages them to enjoy the water while learning. Children will explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills. Children must wear swim diapers (with snug-fitting elastic around the legs) under a swimsuit.

PRESCHOOL SWIM LESSONS

3-6 yrs

Our preschool swim lessons introduce water propulsion, floating, body awareness, and independence, all while focusing on water safety. We introduce the basic swim strokes, including front crawl and back crawl. Swimmers will learn swim skills designed for preschoolers based on their body development. Preschool levels are: Pike, Eel, Ray, and Starfish.

YOUTH SWIM LESSONS

6-14 yrs

Youth swim levels will introduce water propulsion, floating, body awareness, and independence, all while introducing the basic swim strokes of front crawl and back crawl. Advanced levels will learn the competitive stokes and work on building swim endurance. Youth levels are: Polliwog, Guppy, Minnow, Fish, Flying Fish, and Shark.

ADULT & TEEN SWIM LESSONS

14 yrs - Adult

Adults and teen lessons are taught in a smaller group setting, concentrating on the needs of individual swimmers as their skills progress. Beginner and Intermediate levels will emphasize water propulsion, floating, body awareness, and independence, all while introducing the basic swim strokes of front crawl, back crawl, and breaststroke.

HELP SAVE A CHILD'S LIFE!

The 2 Seconds, 2 Long Swim Safety Program is focused on giving all 1st & 2nd graders in our community the opportunity to become safe around water without regard to their ability to pay for lessons.

SPECIAL OLYMPICS FLYING TURTLES SWIM TEAM 8-22 years

The North Suburban YMCA Special Olympics Swim Team is well known on the North Shore for offering our swimmers the best combination of the team sport of swimming and individual challenge in a social environment. All participants must be at least 8 years old with intellectual disabilities and able to swim 25 yards on their back and front unassisted.

Participants are welcome to register for 1, 2 or all 3 days during the week but only 1 practice time per day. Swimmers may be asked to move to a different practice time on the same day based on the swimmers needs and swim groups.

All new swimmers will be asked to come in for a water acclimation to determine the best options going forward. Please contact Missy Contri at mcontri@nsymca.org for swim assessment.

SWIM TEAM/CLUB PROGRAM

8 years – 18 years

The NSYMCA swim team program focuses on endurance & stroke mechanics as we are a non-competitive developmental program. Our goal is to help bridge the gap between swim lessons and competitive swim team programs. Swimmers work to refine their strokes in a swim team/club type environment. Swimmers will pick 2 practice time upon registration.

For swim club and to try out, swimmers should be able to swim full lengths (25–50 yards) of all strokes including proper breathing. Please contact Missy Contri at mcontri@nsymca.org for swim assessment.

Current swim lesson participants may join swim team without trying out if eligible. Swimmers with Fish level skills will join the intermediate swim group. Swimmers with Flying Fish or Shark level skills will join the advanced swim group.

Try outs are available. Please email mcontri@nsymca.org for skill assessment or class placement.

TUMBLE TOTS

2-3 yrs w/ Caregiver

Join your toddler as they experience a gymnastics class for the first time with our Tumble Tots program! This Caregiver-Child class focuses on developing good habits in the gymnastics gym and develops gross motor skills, coordination, and socialization. Tots will be lead through a variety of skills on the gymnastics apparatus with their grown up there to help!

LITTLE GYMNASTS

3-4 yrs

This class is for boys and girls with little or no experience in a structured gymnastics class. Emphasis is on development of motor skills, coordination, and making new friends. This class covers stretching, basic tumbling and an introduction to various gymnastics positions and equipment.

TERRIFIC TUMBLERS

4-6 yrs

This class is designed for boys and girls who are new to our gymnastics program or have successfully completed our Little Gymnasts program and want to enhance coordination and improve body awareness and strength. In addition to the basic tumbling, more advanced tumbling skills and instruction on bars, beam, and vault will help enable a smooth transition into the Progressive Level Gymnastics.

BALLET

6 yrs and up

Ballet is the foundation of all dance forms. Emphasis is on placement, balance, control, discipline, and clean lines. It is STRONGLY recommended when studying all other dance forms. Strength and flexibility will also be highlighted through the use of good technique. Ballet positions, barre work, center combinations, and large movements are part of the ballet syllabus. Each level is studied for at least one year, with some levels requiring two or more years.

BALLET: POINTE

By placement only

Dancing en pointe requires considerable strength and skill and is a central part of a professional dancer's training. Students must be at least 12 years old and have had several years of ballet training in order to develop the strength and support their bodies need en pointe. In order to be considered for pointe work, students must be enrolled in at least two ballet classes per week and have approval from the instructor.

JAZZ 6 yrs and up

Jazz is a popular genre of dance that uses contemporary music, rhythmic clarity and style in its performance. Classes focus on flexibility, strength, locomotor movement and coordination taught through warm ups, across the floor and center combinations. Dancers can expect to work on a variety of isolations, jumps and turns throughout class.

TAP 6 yrs and up

Tap promotes coordination and an acute sense of rhythmic patterns. Warm-ups, combinations and short routines are a part of the tap curriculum. Tap encourages the retention of movement patterns and aids in the development of kinetic memory.

ADULT PRIVATE DANCE LESSONS

18 yrs and up

Learn a style of dance at your own pace in a one-onone setting. Private lessons offer a great way for a
beginner, or experienced dancer, to get personalized
feedback and advancement. This class is perfectly
tailored to what you are looking for in a dance class.
This is also great for persons in a rehabilitation
setting, as dance can help with posture, core
strength, and a lengthening of the spine. Please
contact the Performing Arts Office to set up a time
that works for you!

SOARING SELF-ESTEEM

NEW

Grades K-5

When kids have strong self-confidence, they give their all to everything they do, are excited about trying new things and know that setbacks are set-ups for learning and growth. It's easy to have confidence in ourselves when things go our way, but when we experience disappointment, it can sometimes be difficult to bounce back. Through engaging stories, fun activities and awesome arts & crafts projects from Adventures in Wisdom®, kids will learn the brain science behind how our mind works, how to shift negative thinking into supportive beliefs, the power of visualization & affirmations, a 5-step process for moving through fear and creating courage and how to become resilient. Imagine what your kids can accomplish when they have strong belief in themselves no matter the circumstance!

CELEBRATING THE EXTRAORDINARY IN YOU! JAN 24TH

Grades K-5

Our uniqueness is truly our greatest superpower! Through engaging storytelling, and fun arts & crafts projects from Adventures in Wisdom®, kids will learn why honoring their special gifts and talents is the greatest gift they can give to themselves and the world. Imagine the unstoppable self-confidence your kids will have when they embrace their incredible individuality!

BUILDING RESILIENCE IN KIDS FEB 28TH

NEW

Grades K-5

Picking ourselves back up after a disappointment is essential for achieving our dreams, and the key to bouncing back quickly is viewing obstacles as opportunities for growth. Through engaging storytelling, interactive discussions and fun activities from Adventures in Wisdom®, kids will practice important mindset tools for viewing setbacks as setups for success, so they can learn from it, come back stronger and thrive in the face of adversity!

THE POWER OF 'YES I CAN!" MARCH 20TH

NEW

Grades K-5

Henry Ford said it best, "whether you think you can, or you think you can't...you're right." The key to achieving our goals starts with believing that it's all possible. Through engaging storytelling, interactive discussions and fun activities from Adventures in Wisdom®, kids will learn how to create supportive belief systems that give them the courage to bust outside their comfort zones and live out their dreams.

NATURE GREEN EXPLORERS COMPANY

Did you know the average American child can identify roughly 1,000 corporate logos, but can only identify a handful of plants and animals native to their hometown? We created Green Explorers Club to change those numbers. In our classes, your child will learn about nature and sustainability through hands-on projects and life science experiments that help them understand and navigate our changing planet.

FROGS IN WINTER JAN 19TH Grades K-5

NEW

Most kids know that some animals migrate, and some hibernate during the winter months, but they might not know that many animals adapt! In this class, kids will learn all about the frog and its animal superpower to adapt during the winter weather. Kids will make their own frozen frog habitats with model magic, slime, and shaving cream!

INVASIVE SPECIES ASIAN CARP FEB 9TH Grades K-5

NEW

Did you know that an invasive species is a non-native species introduced to an ecosystem? These non-native species, whether an animal or plant species, disrupt and can destroy its new ecosystem. In this class, kids will learn all about the Copi Carp (formerly Asian Carp) which has taken over the Great Lakes. Kids will make their own Copi Carp windsocks.

COMPOST IN A BOTTLE MARCH 15TH

NEW

Grades K-5

Kids likely know what recycling is, but do they know about composting? In this class, kids will learn all about what compost is, why it's important and what can and cannot be composted. Kids will make their own miniature compost bins in a recycled bottle, observe it turn to compost, and then finally after several weeks, add it to their gardens!

GARDEN SEEDS APRIL 19TH

NEW

Grades K-5

While most of us rush to garden centers when Spring comes, it's just as easy to start your own garden seeds. In this class, kids will identify a variety of seeds, learn how to make their own raised garden bed soil, and then plant their own seeds to get ready for their own gardens.

MONARCHS MAY 17TH

NEW

5-12 yrs

One of the most recognizable and important butterflies kids recognize is the monarch. These beautiful butterflies are crucial to our ecosystem and are sadly endangered. In this class, kids will learn about the monarch's superpower and make their own milkweed seed balls to plant in their gardens so they can help support this amazing species.
